

# HDD/SSD Physical Destruction Machine

## **NEW** Storage Puncher STPN-30

- 12 tons of hydraulic power
- Processing time is only 10 seconds
- Physical destruction of HDDs, SSDs, and magnetic tapes is possible by simply replacing various destruction tools (world's first)
- HDDs with server mounters still attached can also be destroyed
- Even if a bit for HDD destruction is damaged, anyone can easily replace
- Battery operation is possible even where there is no power supply
- Compact and lightweight, weighing only 18Kgs, ideal for on-site work

HDD with mounter

HDD

SSD

M.2 SSD

Magnetic tape LTO

Mobile phone

USB

## Convenient Features of Storage Puncher STPN-30

1. HDD/SSD/Magnetic tape destruction tools can be easily replaced at the front of the device.
2. The use of trays simplifies positioning and waste disposal.
3. Unique feature that prevents the bits from biting into the HDD

## Variety of options of Storage Puncher STPN-30

### 1. HDD destructive Tool Set HDDU-03

Destroys 3.5" and 2.5" other HDD platters by 4 holes

### 2. SSD destructive Tool Set SSDU-03B

Destroys SSDs and flash memory in waves at 5mm intervals

### 3. Tape destructive Tool Set LTOU-01B

Cutting and destroying LTO and other magnetic tapes

### 4. M.2 destructive Tool Set MD2U-01B

Crush M.2 SSDs and other memory chips at 3mm intervals

### 5. Smartphone destructive Tool Set

SMTU-01B Destroy Smartphones

### 6. Pouch tray set for HDD with mounter MPHTY-01B

Pouch and tray set for destruction of 3.5"/2.5" HDD with mounter

### 7. Transport hard case STPN-CS4

Easy-to-carry hard case with extendable handles and casters

### 8. Bits for HDD destruction HDBT-02-2P

2 spare replacement bits

- 9. Certificate of Destruction Creation Kit PCK-02** Destruction reports with photographs of the destruction work can be created and issued efficiently. The kit includes a dedicated camera, barcode reader, software for creating and printing certificates, and a photo box.

## Specification of Storage Puncher STPN-30

Models	Body only without options :			STPN-30-N
	Body + HDD destruction tool set :			STPN-30-H
	Body + SSD destruction tool set :			STPN-30-S
	Body + HDD & SSD destruction tool set :			STPN-30-HS
	Body + HDD with mounter destruction porch tray set :			STPN-30-HP
Maximum Load, Consolidation Method	12 ton hydraulic system	Weight	18Kgs	
Destructive time	10 seconds	Size	W 187 X D 289 X H 410 mm	
Standard accessories	Power cable, manual, 2 sets screw drivers	How to exchange destruction options	Easy replacement without tools	
Power supply	AC100V	Product Warranty	1 year or 50,000 times, whichever comes first	
Power consumption	300W during operation	Country of Origin	JAPAN
